July 2026 Edition

Trends | Innovation | Insights

Dear Marketing Enthusiasts,

Welcome back to the Future Marketers Association Monthly Newsletter!

This month we explore ***"Building Brands That Last - The Power of Strong Brand Identity,"*** highlighting the essential role of a strong brand identity in achieving sustainable business success. In today's competitive marketplace, brands are more than logos or visual designs-they represent a company's values, purpose, personality, and commitment to its customers.

FUTURE MARKETERS

What makes some brands endure for generations while others disappear despite offering similar products or services?

The answer is rarely found in price or technology alone. The most enduring brands are built on a clear and compelling identity that gives customers a reason to believe, trust, and remain loyal. In an era where competition is only a click away, a strong brand identity has become one of the most valuable strategic assets an organization can possess.

FUTURE MARKETERS

Building Confidence and a Growth Mindset at DMM

The Department of Marketing Management (DMM) at the University of Kelaniya was truly where I grew, both professionally and personally. It provided me with countless opportunities to expand my capabilities and consistently push my boundaries. Being an undergraduate at Kelaniya taught me to think creatively, analyze critically, and approach business problems with an out-of-the-box mindset. More importantly, it built the **baseline confidence I needed to step boldly into the corporate world.**

Forward & Focused

My journey with the Future Marketers Association has been filled with valuable experiences. I had the privilege of serving as the **USR Director**, where I got the opportunity to work with an amazing team. Continuing this journey as the **Secretary of the Future Marketers Association** this term is something I am truly grateful and excited about. FMA has always been a special place for me because I see it as a platform where anyone can discover their potential, grow beyond their limits, and be a part of something impactful.
